CORPORATE / KEYNOTE & TOWN HALL

# Corporate speaking

## Resilience. Recovery. Leadership.

Bespoke stories of adversity, resilience and recovery, informed by personal experience and grounded in senior commercial and operator-side work. The talk connects human change with leadership, culture and the decisions made at work.

DESIGNED FOR THE ROOM

### A story with a purpose.

Boards, leadership events, company town halls and team conferences. A keynote, moderated conversation or Q&A is shaped around the people in the room.

POSSIBLE THEMES

- Resilience after setbacks and the real work of recovery.
- How leadership and team culture can affect people under pressure.
- What a lived-experience story can teach about listening, judgement and support.

CONSULTANCY

FROM BRIEF TO DELIVERY

# Made to fit. Ready to discuss.

### 01 / THE FORMAT

A concise keynote, a moderated conversation or a town hall with questions. Duration, speakers and the right level of detail are agreed for each event.

### 02 / HOW WE SCOPE IT

We ask what the event should leave people thinking or doing, who will attend, and how resilience and recovery connect to their work. Craig and Dave can contribute directly; extended expertise is discussed by brief and availability.

### 03 / CARE AND BOUNDARIES

Personal experience is shared with consent and appropriate boundaries. We do not turn a story into a claim about a specific client outcome, or replace policy and professional advice.

### 04 / WHAT THE AUDIENCE TAKES FORWARD

A credible human account of resilience and recovery, with a relevant conversation about how people lead, listen and respond.

## Start with the brief.

Tell us the audience, setting, desired emphasis and date. We will agree the speaker, story, format and fee before delivery.
